Registration numbers of vehicles that are allocated to individual officers have been redacted. We are applying the exemption afforded by section 40(2) Personal information of the Freedom of Information Act 2000, which provides that a request for information is exempt from disclosure if the information requested constitutes personal data about a third party. In particular we choose to rely upon section 40(3)(a)(i), which provides an absolute exemption if disclosure of the personal data would contravene any of the data protection principles as defined in the Data Protection Act 2018. We are of the opinion that to disclose the requested information could identify an officer who is off duty, which would be unfair and contrary to the first data protection principle.
